

Jonathan Yao

Jonathan came to know Christ in 1982 through a Cru (previously CCC) staff. He was discipled and grew spiritually through the Cru campus ministry where he also served as a student. He worked as a System Engineer for a few years before being called by God to serve full-time with Cru Singapore in 1988. He has served on various field and leadership ministries with Cru Singapore. After completing his seminary studies in 1999, he served with the Campus and Church Planting ministries of Cru East Asia.

Since his joining GBC in 1990 (the year he and Eng Meng was married), he has served in various ministries including as an Elder.

He presently serves with East Asia School of Theology (as part of Cru) as Resident Faculty and Dean of Advancement. He teaches, disciples, mentors, and leads others from countries around Asia. He is pursuing a Doctorate in Education program.

Jonathan's passion is to follow Christ. His other passion is to help spiritual leaders and followers of Christ toward fulfilling their God-given vision and mission for their lives.

God has graciously blessed Jonathan and Eng Meng with three young adult children: Isaac, Johann, and Krystal.
